

NETBALL – Female and Mixed

1. Teams must be on court ready to play at the commencement of each half. Any time after the central whistle has blown will infringe on the team's playing time.
2. No injury time will be given. It is important for an injured player to be replaced with a reserve immediately.
3. It is the responsibility of EACH team to provide two (2) umpires for the duties allocated to them. Refer to General rule 10.4. (Umpire on the court you played on immediately your game ends). Please honour your duties so all teams (including yours) will not experience delays in starting.
4. You are reminded that all umpires are voluntary and are there for the players' benefit. Please remember this before disagreeing with any of their decisions.
5. The team mentioned first must pick up the scorecard prior to commencement of game and keep score.
6. All other rules for netball apply
7. FINALS: In the event of a drawn game after full time 5 minutes extra time will be played.

Mixed Netball

1. Same rules apply to mixed netball as for netball.
2. Each team must have at least two (2), and no more than three (3), male players on the court at any time. Only one (1) male player allowed at each of the defending/offending ends. For example you can't have a male GS and a male GA (or a male GK and a male GD).
